### **What is a Thematic Networking Innovation Meeting?**

A meeting is set up for a specific Programme or Call or for a Specific Action. What happens during the meeting? The Moderators (ECO Local Coordinator or Task Force member) present the specifications of the related calls. Content: Discussion on the ideas; converging ideas; developing proposal titles for projects; discussing main activities for each proposal; divide into groups if needed; develop main WP and main Outputs; assigning leaders of proposals; developing consortia for each proposal; each participant is expected to be a partner in project proposals presented by other participants. If time does not permit to complete the consortia then a deadline of 10 days is set for proposal leaders to receive interest from the participants and form initial consortia.
