Commission Kick-starts work to make 2022 the European Year of Youth

Following the announcement made by President von der Leyen in her [2021 State of the Union address](#), the Commission has adopted its formal proposal to make 2022 the European Year of Youth

The Commission is currently developing its programme of activities and all interested parties will be invited to submit their ideas and proposals. A dedicated survey on the [Youth Portal](#) will be launched in the coming days. Working together with other EU institutions, Member States, civil society organisations and young people, the Commission will organise a number of activities throughout the year at European, national, regional and local level and consider new initiatives.

EAEC is partner of "The Blended-AIM" project

EAEC realized and promoted the relevance of blended mobility as a key pedagogical paradigm to boost the mobility of students facing any barrier to traditional mobility long before the covid.

"The Blended-AIM" project, that was completed long ago, is mentioned by the EC in the Higher Education Mobility Handbook for Beneficiaries, published in May this year, as best practice for blended mobility, p.6 .
