ERASMUS+ Mobility Barometer 2021-2022 Academic year

Attention ERASMUS Coordinators in Higher Education Institutions of Europe

Dear ERASMUS Coordinators,

The European Association of ERASMUS Coordinators (EAEC) has been contributing for many years for the success of the ERASMUS mobility programmes. We believe that the new mobility programmes under ERASMUS+ can grow and improve further and we need your help to support this.

The survey questionnaire has been developed with the contribution of the European Commission and reviewed by Erasmus IRO Coordinators of HEIs. We invite all HE Institutions, participating in ERASMUS+ Mobility Programmes, to consider this survey as their survey, on the basis that the results will help all of us.

PLEASE PROCEED TO REPLY TO THE SURVEY by: [click here](#). The estimated time to complete the survey is about 20 minutes.

The results are officially announced every year during the ERASMUS Congress and Exhibition, known as ERACON Congress and Exhibition (next ERACON 2023 will be in Rome, Italy from 25-29 June 2023- soon info will appear in www.eracon.info).

The Barometer survey will be open until the end of January 2023 and is covering the mobility from September 2021 to August 2022.

We thank you in advance for your cooperation and support.

New service to identify which of your partners use Erasmus Without Paper

When dealing with the online renewal of inter-institutional agreements (IIAs) and learning agreements (LAs), one question you will have asked is: what tool is my partner using? A new service developed by the EWP+ Consortium now gives you this information.

The [EWP Stats Portal](#) is a newly developed service that unlocks information on which tool and provider each higher education institution (HEI) is using to connect to the Erasmus Without Paper (EWP) network.

It allows IT administrators to search with institution name, Erasmus code, city, country and so on, letting you quickly see which tool your partner is using.
